

# Support for Readers and Their Families

## Reader's Advisory

Need help finding great reads for the children your love? Our youth services librarian is happy to help in person, on the phone or by email. Beginning in November 2021, we will have an informational notebook in the children's department packed with book lists and reading resources to help you along the way. You can also visit our Online Resources for K-12 page under the resource tab on our website.

## Reference/Resource Help

Looking for resources to help your child with a school project? Are you a homeschool parent trying to gather resources for an upcoming unit? Ask our staff how we can help. You can also visit our Online Resources for K-12 page under the resource tab on our website.

## 1000 Books Before Kindergarten

Research shows that children who are read to early and often are more likely to be successful students and lifelong readers. Ask us how to get your child ages 0-5 started in our 1000 Books Before Kindergarten challenge. For more information call the library or click [here](#) for a flyer.

## Reading Challenges

In addition to the 1000 Books program, we offer reading challenges throughout the year to encourage a lifelong love of reading. There is always an option to choose between participating electronically with Beanstack or on paper. Visit our children and teen pages to see the current challenges being offered.

## Book Bags

Not able to get into the library, but need some fun books for your children to read? Call or email our youth services librarian and tell her your child's age, interests, etc. and she will gather a bag of 10-15 books you can pick up through curbside.

## Sharing the Journey - Coming November 2021

Monthly videos created by our youth services librarian featuring topics related to growing young readers. These videos will be shared on our Facebook page, YouTube channel and on the virtual program page of our website. There is also a video suitable for schools to use for virtual parent meetings as needed.
